NEBRAKSA YOUTH RANGE CAMP GRANT APPLICATION

Nebraska Youth Range Camp emphasizes plant-soil-animal relationships, range livestock management, ranching, economics, and wildlife habitat management. The camp features field and classroom activities designed to provide range management education. Field activities include a forest tour, a ranch visit and many “hands on” exercises which will introduce and develop skills important for range management and range judging contests.

Our District’s grant program for the Range Camp pays the camp fee of \$100 per student. Two grants will be awarded this year. The two most qualified applicants will be selected to receive these grants by the LRNRD. The selection criteria which will be considered are the applicant’s answers to some of the questions on the application. An individual may receive the grant a maximum of two years. However, priority will be given to individuals requesting assistance for the first time. Participants desiring this grant should mail their completed grant application to:
