Adventure Camp about the Environment

Hosted by Nebraska's Natural
Resources Districts

Sunday, June 6th

to

Wednesday, June 9th

2021

Four days of exploring, learning,
and outdoor fun at the State
4H Camp in Halsey, NE

Camp Information

This camp is for kids who have completed 6th, 7th, and 8th grade in the 2020-2021 school year.

Dates & Location: June 6th-9th, 2021, at the State 4H Camp, Halsey NE.

Camp Cost: The cost of camp is \$225*. The fee along with the registration form needs to be sent to the ULNRD no later than Friday, May 21, 2021. Once the registration form has been received, additional information will be sent back to registered campers.

Arrival & Departure: Arrive at 4:00 PM CT on Sunday, June 6th. Camp ends at 2:30 PM CT on Wednesday, June 9th.

Transportation to and from camp will be the parent's responsibility. Please arrive promptly with your campers. Check in will begin no earlier than 4 PM CT.

*Check with your local NRD about receiving a scholarship to attend camp. You must reside in the District where you are applying for a scholarship.

Experience the exciting adventures of camp at Halsey including: tubing, zip line, water rockets, and more!

Forestry

Tour the Bessey Nursery and check out the seed bank, coolers and greenhouses. Learn about transplanting seedlings and get your very own plant!

Atlatl

Try your hand at making an ancient throwing tool! You will learn why and how these tools were used by humans throughout history.

Entomology

Thousands of species of insects reside in our state of Nebraska. Explore the camp and see what species you can find during the entomology session!

Range

Rangelands cover 45% of Earth's land surface. Campers will learn about different aspects of the ecosystem as well as how they relate to rangelands. Prepare for an energetic activity as campers will get to explore the Nebraska Sandhills.

Fishing

Spend some time on the banks of the Middle Loup River and see what you can reel in! Learn different techniques and what it takes to be a master angler and with some friendly competition maybe you can reel in the biggest catch!

Soils

Conduct a fun filled lab focusing on various kinds of erosion common to soils in a variety of situations!

Water

Water is one of the most important natural resources. Jump in the Middle Loup River and learn about water quality and aquatic macro-invertebrates firsthand! Beats any classroom science class!
